

Welcome to the new Academic Year '23-'24

On behalf of entire team of **GDGGS**, I am happy to welcome you to the new school year! We look forward to a productive partnership and hope you are all poised and rejuvenated to start afresh and undertake tasks to nurture our children together.

Since its inception our school has been maintaining high standards of academic excellence and our students have done exceedingly well in various sports and co-curricular activities as well.

Our PYP campus is a 1st of its kind Primary Boutique school in India with a dedicated team & faculty, vibrant with energy and enthusiasm, striving hard to provide students with the latest knowledge and skill that would help them stand out in this ever changing, competitive world.

We are moving towards the IB mission of being International minded in the 'true sense' of the word and have various cultures, nationalities in our school and celebrate their diversities, festivals throughout the year. The IB has already covered our school for the fastest candidacy and authorisation journey and always recommends us to new schools seeking guidance for the same.

As we grow, we are committed to provide our students with a wide variety of opportunities in order to help them attain their highest potential. New facilities and clubs will be shared with you in due course with details.

Nutrition has a profound impact on a child's educational achievements. Children's deteriorating food habits are a cause of collective parental concern. In order to create a healthy food ecosystem, we are collaborating with Arney's Fitkids, (School Nutritionist and Health Advisor) who will facilitate for our school to certify as the **Eat Right School Campus** by Food Safety Standards Authority, Govt of India and will become an exemplary school for the Ministry of Family Welfare and the PM Office. We will conduct Fitkids school nutrition workshops and parent enrichment sessions using novel, innovative strategies to empower students to make healthier choices. Taking your feedback we have already improvised on the food menu with the School Nutritionist.

Please feel free to give your feedback and go through all the important points in the attachment.

I thank you for all your unflinching support to make us one of the most upcoming schools of Gurgaon. It's a pleasure to welcome new members to the GDGGS family and, as always, it will be our endeavour to make your experience very enriching and memorable.

Regards,
